NIGHT SHADOW

The Night Shadow comes standard with our cutting edge "SMART" technology. This technology consists of a computerized proximity sensor, digital controls and a long-range infrared illuminator. The proximity sensor will automatically turn the unit on and off when it is brought to the viewing position. This helps save your battery life and the life of the unit itself. The digital controls allow you to activate or deactivate all of the features of the Night Shadow with an easy push of a button. We also built a powerful infrared illuminator into the scope. This allows you to see even in total darkness with outstanding clarity. For Camping, Boating, Nature study, or Law Enforcement, there is simply no better Bi-ocular night vision device on the market.

Model Number:	Tube configuration:
Night Shadow 1	1st gen.
Night Shadow 2	US 2nd + gen.
Night Shadow 3	US 64 lp/mm 3rd gen.
Night Shadow XD4	64 lp/mm XD-4
Night Shadow 4	US 64 lp/mm 4th gen.
Night Shadow XR5	64 lp/mm XR-5

- Total darkness IR.....Standard
- Magnification.....5x
- Lens system..... F1:1.7, F90mm
- FOV.....20°
- Diopter adjustment.....±5
- Power supply..... one 1.5 volt AA size
- Range of focus..... 4.5m to infinity
- Controls..... Digital
- Battery life..... 10-20 hours
- Dimensions.....225mm X 150mm X62mm /
9" X 6" X 2.5"
- Weight.....1.4kg / 3lbs
